

NDEA FOUNDATION Educational Grant Program

The educational grant program of the North Dakota Education Association Foundation is designed to assist individual educators, or groups of educators, to improve their skills through continued education, research, or development of instructional materials or techniques.

Application Requirements

- A description of the project, not to exceed four typed pages, which includes the following information:
 - Action Plan
 - Need
 - How the project will address the need or relate to professional growth goals
 - Description of project or course
 - Description of how the information gained will be shared with other educators
 - Timeline for implementation of project
 - Itemized budget statement
 - Method of evaluating success of the project including accounting of funds
- Three letters of recommendation from colleagues, administrators, school board members, college instructors or community members.
- A personal interview may be required.
- A completed application form and related material must be received by the Foundation by **March 1**. Faxed application packages are accepted.

The Foundation may award all or part of the money requested. Winners will be announced and monies awarded no later than April 30.

Upon completion of the project, a report to the Foundation board will be required. The report may include pictures, an article for the North Dakota Education News, or a summary of the results. An interim report will be submitted if the project is not completed within six months.
